**WHEREAS**, the City of Corinth, Texas, adopted Ordinance No. 13-05-02-08, which established a Unified Development Code of the City, including the Comprehensive Zoning Ordinance and the "Official Zoning District Map of the City of Corinth, Texas," (the "Zoning Map"), in accordance with the City's Comprehensive Plan; and

**WHEREAS**, the Property, described in Exhibit "A", is zoned as PD-Planned Development zoning district, more specifically identified as Enterprise Planned Development District No. 54 ("PD-54"), with a base zoning designation of C-2, Commercial under the City's Unified Development Code and as designated on the Zoning Map; and

**WHEREAS**, an authorized person having a proprietary interest in the Property has requested an Amendment to the Comprehensive Zoning Ordinance and the Zoning Map to change the zoning classification of the Property; and

**WHEREAS**, the City Council and the Planning and Zoning Commission of the City of Corinth gave the requisite notices by publication and otherwise and afforded a full and fair hearing to all property owners generally, and to the persons interested and situated in the affected area and in the vicinity thereof; and

**WHEREAS**, the City Council has determined that the Property has unique characteristics and that zoning through a planned development district is the most appropriate mechanism for zoning the Property, thus an amendment to the Comprehensive Zoning Ordinance and the Zoning Map of the City's Unified Development Code, in accordance with the Land Use Regulations set forth in Exhibit "C", should be approved; and

**WHEREAS**, the City Council considered the following factors in making a determination as to whether the requested change should be granted or denied: safety of the motoring public and pedestrians using the facilities in the area immediately surrounding the sites; safety from fire hazards and damages; noise producing elements and glare of the vehicular and stationary lights and effect of such lights on established character of neighborhoods; location, and types of signs and relation of signs to traffic control and adjacent property; street size and adequacy of width for traffic reasonably expected to be generated by the proposed use around the site and in the immediate neighborhood; adequacy of parking as determined by requirements of this ordinance for off-street parking facilities; location of ingress and egress points for parking and off-street loading spaces, and protection of public health by surfacing on all parking areas to control dust; effect on the promotion of health and the general welfare; effect on light and air; effect on the overcrowding of the land; effect on the concentration of population, and effect on transportation, water, sewerage, schools, parks and other public facilities; and

**WHEREAS**, the City Council further considered among other things the character of the proposed district and its peculiar suitability for particular use requested and the view to conserve the value of the buildings, and encourage the most appropriate use of the land throughout this City; and

**WHEREAS**, the City Council finds that the requested Amendment to the Comprehensive Zoning Ordinance and Zoning Map to effect the change in zoning for the Property promotes the health and the general welfare, provides the Property with adequate light and air, prevents overcrowding of land, avoids undue population concentration, and facilitates the adequate provision of transportation, water, sewerage, schools, parks and other public requirements; as well as the general health, safety and welfare of the community;

**NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CORINTH, TEXAS:**
